

The OLSP Passive Rewards Map — *get paid without recruiting a single person*

Most people join OLSP thinking the only way to earn is to convince someone else to join too. That is not true. OLSP pays you at **every level** just for showing up, watching, and engaging — before a single referral ever happens. This map shows you exactly where that money is, level by level.

1. Get Paid To Attend Webinars

FREE MEMBER	MEGA LINK	LPB	CB	VIP
Can attend live webinars. No commissions on webinar sales at this level.	\$5 for watching the 2 onboarding videos. \$5 for watching 4 live webinars. Paid only Tuesdays & Saturdays.	\$1 for every lead or team member of yours who attends a live webinar.	\$1 per lead/team member attendance, +5¢ for any 2nd-level member who attends.	\$1 per lead/team attendance, +5¢ 2nd level, +\$10 just for you to watch the Thu/Sat webinar.

Key detail: any sale made on the webinar itself is paid out based on your level inside OLSP — so upgrading isn't just about commissions, it changes what you get paid to simply show up and watch.

2. Get Paid Without Attending Anything

Comment Dominator Pro ~\$0.25 / comment

OLSP's comment-to-earn feature. You get paid for leaving genuine, useful comments on approved posts — no recruiting, no selling, just showing up in the community.

Bootcamp Completion Bonus \$20 instantly

Finish the OLSP Bootcamp training once and you're paid \$20 the moment you complete it — before you've promoted anything at all.

Leaderboard Contests \$50 – \$10,000

Regular OLSP contests reward the most active members with cash prizes — activity and consistency count, not just recruiting numbers.

Mega Link Direct Sales 100–200% commission

Every product behind your Mega Link is already built, hosted and delivered for you. When your own link converts, you keep 100% (up to 200% at higher levels) — no product creation needed.

Your Weekly Passive Rewards Checklist

Run through this every week. None of it requires a single recruit — it just requires showing up.

Do this every week

- 1 Watch the Tuesday, Thursday and Saturday live sessions.** At Mega Link level this alone is worth up to \$10/week (2 of the 4 paid slots). At VIP, Thursday + Saturday alone pays \$10 just for showing up.
- 2 Check the "Check Rewards" panel** under any upcoming event in your dashboard before it starts — it shows exactly what that specific session pays at your level.
- 3 Leave 5-10 genuine comments** through Comment Dominator Pro on days you're active in the community. Small, consistent, honest comments compound.
- 4 Glance at the Leaderboard** once a week. If a contest is running, a bit of extra activity in that window can be worth far more than a normal week.
- 5 Keep your Mega Link visible** everywhere you're already active — bio links, signatures, groups. It works passively even on weeks you don't actively promote.
- 6 If you haven't yet, finish the Bootcamp.** It's a one-time \$20 you're leaving on the table until you do.

Why this matters for your decision: a lot of people hesitate to join affiliate systems because they don't want to "sell to friends and family." OLSP is one of the few platforms where you can be paid consistently just by being an engaged member — recruiting is a bonus on top, not the only way in.
